Prices are valid from 1 April 2017 to 31 March 2018.

"If one were to paint this country in its true colours, I doubt it would ever be believed. It would be said at least that the artist exaggerated greatly, for never have I seen such richness and variety of hue in these ranges"

An extract from the novel Kings in Grass Castles - by permission of the author, Dame Mary Durack.

Lake Argyle Tours is owned and operated by the Sharpe Family who have called Lake Argyle home since the Ord River Dam construction was completed in 1973.

All of our tours have been designed from a lifetime of experience on this amazing waterway as it has evolved into one of the worlds most unique ecosystems.

## Lake Argyle

is one of Western Australia's most remarkable gifts. With breathtaking beauty, this massive body of water is Australia's largest freshwater Lake.

Lake Argyle has a surface area of over 1000 square kilometres and a shoreline stretching over 900 kilometres. As well as stunning scenery, Lake Argyle is home to an estimated 30,000 freshwater crocodiles, 26 species of native fish and 3 varieties of freshwater tortoise. This RAMSAR Wetland of international significance is also habitat to more than 270 bird species and other wildlife.

Join a cruise with Lake Argyle Tours & Cruises and enjoy excellent customer service along with informative commentary on the natural history and development of Lake Argyle and the Ord Irrigation Scheme. You will see an array of birdlife as well as rock wallabies, crocodiles, wallaroos and much more.

The rich colours of the intense red rocks pose an impressive backdrop for the brilliant blue water. Whilst taking in these stunning surrounds you can enjoy a refreshing swim in the pristine fresh waters. This is truly 'Paradise' in the outback and it will be sure not to disappoint!
